replacement or extra printed banner panels

printed panels

Available for all banner stands. Listed below are all our current models. However, you may return any obsolete model or any other supplier's banner stand for us to replace the printed panel. Please note that if new rails or fittings, etc. are required, these items will be charged extra.

IMPORTANT

fire retardancy option

new for 2008

Many exhibition and event organisers now require certification from companies in order to comply with fire regulations and insurance requirements. For peace of mind upgrade your banner stand for a small surcharge. Full certification covering stand is supplied with each upgraded order.

Upgrade your printed panels to comply with stringent fire regulations (£15 per panel):

- print option 4 (Evergreen only) to fire retardancy M1/B1/C1/NFPA 701 MEA to M0
- print option 1 & 2 (Opeljet film) to fire retardancy rating B1
