

banner styles

Banners and backdrops are double-stitched all round using clear nylon thread and non-tarnishing nickel-plated chrome eyelets with a choice of 3 hanging methods:

- **style 1**
Eyelets all round

- **style 2**
Vertical sleeves for poles with optional eyelets in corners

- **style 3**
Horizontal sleeves for poles with optional eyelets in corners

Non-tarnishing nickel-plated chrome eyelets with double-stitched hems.

types of banner

2 different types of banner available:

full-colour printed banners

Printed banners use eco-solvent, fully waterproof and scratchproof inks printed onto a selection of materials:

- Heavy-Duty Banner Vinyl - smooth, matt finish, fire retardant (BS fire certificate available on request) reinforced banner PVC vinyl (550gsm)
- Textile Banner Vinyl - lightweight, non-reflective, fire retardant (BS fire certificate available on request) reinforced, textile effect banner PVC vinyl (250gsm)
- Mesh Banner Vinyl - extremely lightweight fire-retardant (M1/B1 rated) PVC vinyl, 50% lighter than heavy-duty banner vinyl (275gsm). Ideal for cross-street banners and building wraps

Mesh vinyl consists of 25% small holes throughout its surface area allowing continuous air-flow and light through it making it the ideal choice for building wraps

Prices inclusive of setting-up, printing, hems & eyelets and based on finished artwork being supplied with order. Alternatively, our own in-house design studio can create designs for you (please refer to page 194 for details and prices).

For print samples call Sales on 01297 444665.

advantages & disadvantages of banner types

full-colour printed banners

Advantages:

- any layout or design can be printed regardless of colours and shades
- strong, vibrant colours for extra visual appeal
- range of different material finishes available for different applications
- velcro patches (cut-vinyl or printed) available to use one banner for all events - ideal for promoting church, school and social club events throughout the year

cut-vinyl banners

Cut-vinyl banners use self-adhesive vinyl bonded to the banner material. We use the strongest reinforced banner PVC vinyl available (635gsm) and being bouncy castle material, it's almost indestructible and fire retardant (BS fire certificate available on request).

- all cut-vinyl banners come with a no-quibble 3-year guarantee

Prices include banner design, banner and text message. Logos and graphics can be added for a small extra charge (depending on complexity and format of your artwork).

Any queries, please don't hesitate to call Sales on 01297 444665.

cut-vinyl banners

Advantages:

- lower prices
- dates changed *free of charge* for annual events each year (e.g. Christmas Carol Service date Sunday 17th December, changes one digit for each year) - we will mail this to you for you to replace dates yourself
- ideal for text banner messages (simple logos and graphics can be incorporated for an extra charge)
- velcro patches available to use one banner for all events - ideal for promoting church, school and social club events

Disadvantages:

- only standard solid colours available (refer to page 7 for colour range)
- photos or logos and graphics with graduated tints cannot be used
