

Printed Backlit Poster Films

Sometimes referred to as a Duratrans or Lightbox Poster these are stunning translucent printed film inserts for 'backlit' lightboxes. The optimised combination of media film, print definition and ink saturation delivers stand-out illuminated graphics of the highest quality.

- Ideal for lobby/reception, menu display, trade outlets, showrooms, shopping malls, airports/duty free, motorway services, casinos, cinemas, restaurants and takeaways, museum and gallery, retail stores, trade show exhibit halls, etc.
- Perfect for lifestyle photos in luxury goods promotion.
- Circa 200 micron polyester film with special diffusion coating.
- Indoor and outdoor film options – both durable, lay-flat and tear resistant.
- Standard and custom sizes up to 1365 x 1800mm (includes 6 sheet).
- Environmentally friendly solvent-free print.
- No minimum order quantity.

Note – Printed Backlit Poster Films will appear darker than normal, only showing their true colours, definition and brilliance once illuminated from behind.

Perfect with our range of edgelit lightboxes.

Interleaved, rolled and packed up to 5 to a carton as standard.
